Lab 1
Git and versioning

GitHub

1. [I] Create a GitHub (https://github.com/) account / log in and create a repository called SOPM_22.
2. [I] Follow the tutorial here:
   https://www.w3schools.com/git/default.asp?remote=github from Git HOME to GitHub Pages included

   [i] Extra resources https://education.github.com/git-cheat-sheet-education.pdf

Versioning and Semantic versioning

1. [T] Think about your project application or a mobile app. Describe what is does and complete the following versions with a suitab;e description of what they represent for your app/ what changes were made between versions
   - Version 1.0.0
   - Version 1.1.0
   - Version 1.1.3
   - Version 1.2.0
   - Version 2.0.0
   - Version 2.0.1

   The results of the exercise should be available in your github SOPM_22 repo.

[I] - individual exercise

[T] - team exercise
